On behalf of the entire TLSS team who contributed to the development of this program, I would like to welcome you to the Designing a Blended Course: An Integrated 4-Part Program website. We have chosen to organize all components associated with this program in a common space. Within this site you will find a variety of information related to how the program will progress (schedule, location, etc.), as well as all information related to the pedagogical aspects of the program (online modules, worksheets, complementary resources, etc.).

I encourage you to take a few minutes to look over the “About this Program” section to learn about the different components of this training program.

Have a great semester!
