Introduction

You can answer the questions only once.
You can take as much time as you need.
Good Luck!

Instructions

You can "Save" your response to each question as you work through the quiz. When you navigate to the Next Page or Previous Page, all your responses on the current page will be automatically saved.

Before you submit the quiz, you will have the opportunity to return to questions that you may have missed or have not yet answered. You can submit your quiz responses past the time period allocated for taking this quiz but doing so will result in a score of zero being assigned. A non-zero score can be manually reassigned at a later time.

When you have finished reviewing these instructions, click on "Start Quiz" to begin Attempt 1.

Note: Your quiz may take a few minutes to be set up.

The timer will not begin until after the set up process is finished.

Question 1 (Mandatory) (10 points)
What do you think is the purpose of evaluation?

- Plays a pedagogical role: it improves student learning by providing feedback that will allow them to improve their performance.
- Measures achievement: it evaluates students' knowledge, comprehension, attitude, and skills.
- Standardization: it allows you to establish a mark or letter grade that determines the level of student performance. You can also use the established mark or letter grade to monitor student progression.
- Certification: allows future employers and academic institutions to know that candidates have achieved appropriate certification that corresponds to established academic standards.
